EDUCATION

Bachelor of Technology (COMPUTER SCIENCE AND ARTIFICIAL INTELLIGENCE),
Galgotias College of Engineering and Technology
CGPA-8

11/2022 – 05/2026
Greater Noida

12TH, USM PUBLIC School
80%

03/2021 – 04/2022
Nangloi, New Delhi

10TH, DAV Public School
90%

03/2019 – 04/2020
Ambala, Haryana

PROFESSIONAL EXPERIENCE

Software Developer Intern, Guidona Softpedia

03/2025 – 08/2025
Noida, UP

Gained hands-on experience in Next.js and TypeScript by contributing to web application development, building interactive UI components, and improving application performance. Additionally, I learned version control concepts using Git and GitHub, including repository management, branching, collaboration, and code integration.

SKILLS

Web Development

HTML, CSS, JavaScript, NextJS, TypeScript, Shadcn UI

Programming Languages

Python, JAVA, C

Database Skills

Excel, Relational Databases, SQL (Basic), Power BI (Basic), Data Warehousing, Data Lakes, Logical and Dimensional Data Modeling, Data Profiling, Data Quality, Data Visualization, Requirements Gathering, Database Management

Soft Skill

Creative Problem Solving, Attention to Detail, Communication, Team Collaboration, Time Management

PROJECTS

TaskVanta : Collaborative Project Management Platform

03/2026 – 05/2026

- Developed a real-time project management platform with Kanban boards for task creation, assignment, and tracking.
- Implemented Firebase Authentication and role-based access control (Admin/Member) for secure collaboration.
- Integrated Firestore for real-time data synchronization and team collaboration features.
- Built an analytics dashboard to monitor projects, tasks, and team productivity.

DEEPCROP: AI Plant Disease Detection

09/2025 – 05/2026

- Developed an AI-powered web application using Next.js and OpenAI GPT-4o Vision API to detect plant diseases from uploaded leaf images with high accuracy.
- Implemented dual-stage image validation and real-time analysis to provide disease diagnosis, causes, treatment, and prevention recommendations within seconds.
- Built features like scan history tracking and deployed on Vercel, ensuring fast performance, reliable results, and improved user experience.

GitHub Repository Explorer

05/2026 – 06/2026

- Developed a GitHub profile and repository explorer using the GitHub REST API.
- Implemented repository sorting by stars, name, and last updated date.
- Built a responsive user interface with search history stored in Local Storage.
- Integrated API handling, error management, and dynamic data fetching using Axios.

Admin Dashboard

04/2025 – 04/2025

- Developed an interactive admin dashboard using Next.js and TypeScript, with a settings panel to customize chart legends and colors.
- Integrated Shadcn UI components for a modern, user-friendly interface

SAPI 5 -Virtual Voice Assistant

10/2023 – 01/2024

- Developed a personal voice-based assistant using Python and Microsoft SAPI 5, integrating speech recognition and text-to-speech.
- Enabled interactive voice commands for opening applications, web search, and information retrieval

CERTIFICATES

- Data Science and Analytics – HP LIFE 
- Database Programming with SQL – Oracle 
- Database Management System - Infosys 
- Software Developer Intern - Guidona Softpedia 
- Ethical AI-Infosys 
- Data Science - DUCAT 
- Data Structures and Algorithms using Python -: Infosys
